

Are you the parent of a child with Special or Additional Needs?

Do you know about the changes to the law that will affect all of our families?

***Would you like to hear about the Children and Families Bill?
Education, Health and Care Plans? Local Offer?
The new SEN Code of Practice? Personal Budgets?
What does it all mean?***

Would you like to have more of a say in the planning of the services available to families in Norfolk?

Many of the systems and processes that are in place to enable our children and families to get the help we need will be very different. We have a real opportunity to make family life less stressful and reduce the battles we always seem to be fighting! Family Voice are working with Norfolk County Council and their partners to plan for these changes.

We need your help, we want to hear what you have to say about what would be helpful for families. In return for your help, we will provide you with information about the reforms to the law.

Please come and join us and meet other parents at one of our meetings across Norfolk. Refreshments will be available, to help us get the right amount please let us know that you are coming by contacting [**events@familyvoice.org.uk**](mailto:events@familyvoice.org.uk). But, don't worry if you can't, just come! We look forward to meeting you!
