

The commitment of Norfolk schools to improving practice in assessment for learning through developing excellent moderation processes has been recognised nationally. The new moderation requirement of KS2 writing and the new Ofsted criteria for good teaching which have AfL practice at their absolute centre are confirming that we have been moving in the right direction. Schools have hugely valued the opportunities to work intensively in small groups, led by trained moderators, to examine a whole range of different practices and to consider and plan their own development - "the moderation is **the** best form of training; it avoids the contradictory and shows how it works really!" (Teacher feedback form 2011)

We are really pleased to be able to continue to offer the opportunity to use the APP criteria (recognised by the DfE as representing the National Standards) and materials, for the full LA external moderation process. Although we have of course to charge, the fee quoted gives you a highly focused small group experience which we are sure you will continue to find is excellent value for money.
