

What's New

Audit Services

A new offering for 2014/15 is the assurance of a professional auditing offer from the NCC corporate team. This work in schools provides confidence to heads, governors, trusts and other stakeholders that robust financial systems are in place and practices are consistently applied.

Norfolk Broadband Service

The contract with BT has been renewed from 1st April 2014 to 31st March 2016. As part of the contract extension there is a joint project with BT to upgrade the Broadband infrastructure to support the increasing demand for internet services in school.

Schools wishing to continue with this provision need to sign up to this 2yr agreement on the S4S contract.

Post-16 ALPS Data Service

Following the very successful launch of the Local Authority's contract with ALPS in 2013 – Alkemygold Ltd (ALPS) have agreed to continue to offer their data services to all Norfolk post-16 providers – contact the Performance Data service for more information.

Catering

Norfolk Children's Services have agreed a new **three year arrangement** with Norse for the provision of school meals to local authority schools. The Services 4 Schools 2014/15 contract enables your school to sign up to this negotiated agreement that assures the provision of good quality and nutritious meals for growing minds.

Your local Norfolk County Services catering contact will be able to support you through the process or arrange a visit to explore any concerns or additional options.
