

NORWICH CATHEDRAL

Schools & Family Learning Department

OUT OF THIS WORLD!

Science Days for KS2

8th & 9th May 2017

As part of our Science Festival week, bring your class(es) (60 places available per day), to explore the Solar System, build it, learn about it and have fun.

- 'Hands on' experiments/planet making in the classroom
- Led by Physicist/science teacher, Meg Ling & the Cathedral team
- **Come back to earth but raise the eyes heavenwards** as children are given the opportunity to reflect on the awe & wonder of the cathedral space, explore how Christians reach heavenward through prayer & worship
- Activities in the cathedral, art to see and handle, patterns to investigate and more!

To book places contact Janet
Marshall on 01603 218320

E: headofschools@cathedral.org.uk

This is a great & unique way to enhance
your KS2 science and combine it with R.E.

£4.50 per pupil for a full day

10.00 a.m.—2.00 p.m.
