Educational Psychology and Specialist Support

EPSS Conference: Barriers to learning - approaches that work

Outline

This conference aims to develop and broaden our understanding of barriers to learning affecting children and young people

There will be opportunities to explore and increase knowledge of evidence based approaches and ways to successfully plan for improved outcomes

Description

We are delighted to announce our Key note speakers:

Greg Brooks, Professor Emeritus at Sheffield University, who will be talking about evidence based interventions for children and young people, referring to his recently revised publication: 'What works for pupils with literacy difficulties? - The Effectiveness of Intervention Schemes'.

Dr Graham Sibley was a Director of the Thetford Education Action Zone from 1999 to 2003, he currently leads on grant-supported research, including Catch Up Numeracy interventions and digital games, and will talk about what works for children with mathematical difficulties based on A. Dowker's research.

Specialist Educational Psychologist - Newham (tbc) - Children with special educational needs and English as an additional language - addressing the challenges and sharing good practice

Workshops will be delivered by specialists in their field, and include:

Personalizing Education: Using person-centred reviews (PCR's) to meet needs

Supporting children with language difficulties

"ARROW on target and all of a quiver": a demonstration, explanation and research findings for an effective language , literacy and learning intervention

Supporting children with SEND at risk of exclusion (tbc)

Mental health and well-being in children and young people
Addressing specific learning difficulties in maths
Practical approaches to neurodiversity

Further information to follow.

Booking Information

Places cost £100.

One free place is available to each school or academy with a stand-alone contract or EPSS subscription. Clusters with Bronze, Silver or Gold ECO contracts will also be offered one free place per cluster.

Please send us a separate email indicating who you would like to take up your free place so we can make appropriate adjustments.
