

SENCO Survival Course

Supporting children and young people with speech, language and communication needs (SLCN) in your school

This training course provides:

- Knowledge of the incidence of SLCN and the impact on behaviour, academic progress and social development
- Knowledge and tools to audit, identify and support SLCN within your schools.
- Key strategy ideas to support pupils at a universal level across the curriculum.
- Opportunities to hear from colleagues about interventions and tools they have successfully used in their settings
- The 'SENCO survival kit', which enables you to put what you have learned into practice immediately.
