The 'Norfolk Teaching School' is the umbrella body for Norfolk's 9 Teaching Schools - schools judged outstanding and which have a brief to support others across the county.

Between us, we have the resources and expertise to work with a range of schools with specialists in EYFS, Primary, Secondary, Specialist Education and Leadership.

We can offer a range of services: ITT Support, Department Reviews, Strategic Planning Advice & Guidance, Access to Research, Resources & Mentoring.

We can also act as an Appropriate Body for NQTs and provide information & advice to those considering a career in teaching.

Norfolk Teaching School offer a **comprehensive** programme of Professional Development, often at little or no cost. Our courses cover EYFS, Middle Leadership, Senior Leadership, Support Staff Training and Subject Training.

In addition, Specialist Role Professional Development training includes sessions for Governors, SEN, Health & Safety and Business Support functions.

Why not visit our website & sign up to our newsletter? Our half-termly email will detail forthcoming opportunities, resources and projects that may be of interest.
