Keeping Education on the agenda for Looked after Children and Young People - A conference for Designated Teachers, Social Workers and Independent Reviewing Officers

Changing the Narrative — A one day event for Designated Teachers, Social Workers and Independent Reviewing Officers. We will refocus the conversation on the positive achievements of care experienced young people and explore what support is needed to make this happen.

Our keynote speakers are **Jaz Ampaw-Farr** and **Luke Rodgers**

Jaz Ampaw-Farr will focus on putting human connection first. She will talk about how everyday heroes can empower those children that need their help the most.

Luke Rodgers will focus on the power of relationships, highlighting what individuals can do to have a huge impact on the lives of children in the care system.

We will have input from a range of other professionals including **Senior Leaders** and will hear from **Young People** about their own successes and their perceptions about the language of care.

There will be a marketplace and breakout sessions available throughout the day.
