

The Edible Garden

Venue: Reepham High School

Date: 1st April 2020

This hands-on course is designed to give you and your young people the skills you need to set up a simple productive garden and manage the growing space throughout the seasons.

The course will cover all the basics so that you can get children actively involved in growing their own food.

This course will help you to:

- Understand how plants grow from a seed to a crop
- Identify the parts of the plant that you eat
- Learn how to prepare the soil to get the best yields
- Learn how to sow and grow a delicious range of vegetables throughout the year

Key Stages targeted: Key Stages One & Two
First & Second Level (Scotland)
Years 2 to 7 (NI)

Cost: £95 per person. £170 if you book two separate courses or two places on the same course.

Skill Level: Suitable for teachers, teaching assistants and volunteers across all age groups, with little or no previous experience.

Venue: Reepham High School, Whitwell Road, Reepham, Norwich, Norfolk, NR10 4JT

CPD Provider: Alison Findlay
