

Great Yarmouth Borough Council has launched our exciting new **#GYTogether** [competition](#) to help keep local kids busy with creative activity whilst also putting smiles on the faces of those self-isolating and vulnerable, who might be lonely at this time.

As you may know, have been organising deliveries of donations of food and necessities to our local, community-run food banks during Covid-19. These are made into food parcels and given to the vulnerable and elderly people of our borough who are self-isolating and cannot leave the house.

Each week, we are challenging local children to submit a drawing, short story or message relating to a different theme each week. All submissions are then printed at the Town Hall and included in the food parcels to vulnerable and those self-isolating.

Each week, we are challenging local children to submit a drawing, short story or message relating to a different theme each week. All submissions are then printed at the Town Hall and included in the food parcels to vulnerable and those self-isolating.

How to enter?

The drawings, short stories and messages should be kept to one side of an A4 page, and submitted by parents via our new Facebook group [\[add link\]](#).

To reduce the amount of people handling the submissions, we ask that all submissions are photographed and posted to the group on the post where the theme is announced each week, along with the child's first name and age. No children should feature in the photos, and parental permission is a must.

ANNABELLE IS OUR FIRST WINNER

Prize!

The Mayor chooses the winner each week. Winners receive a book voucher and a chocolate prize! Entries close every Sunday at 5pm and the winner of that week's theme will be announced the following Monday.
