

NORFOLK HIGHER ASPIRATIONS SCHEME

Careers in Healthcare Science Event

Tuesday 19th March, 10:00am – 3:00pm The Forum Norwich

Suitable for: Years 10 to 13 school students (in attendance with your school), university students, science graduates, higher aspirations scheme leads and heads of science.

The NHS is one of the largest employers in the world. Healthcare science offers a rewarding, secure career where you will have to use your scientific skills and knowledge to diagnose and treat health conditions.

This event will showcase a wide selection of healthcare science specialties including physiological sciences (audiology, cardiac physiology, respiratory physiology, neurophysiology), physical sciences (radiation physics, nuclear medicine, biomedical engineering) and life sciences (clinical biochemistry, blood sciences, microbiology, clinical immunology) plus much more.

By attending this event you will:

- Find out more about the training routes into the specialism of your choice
- Have the opportunity to speak to professionals in healthcare science
- Discover more about the Norfolk Higher Aspirations Scheme
- Network with your peers
- Gain information on a wide range of healthcare science specialities.

Free attendance

No need to register if you are over the age of 18
Schools please sign up for free [here](#)
