Annual Geography Conference 23 March 2012 9.00 am – 3.30pm Holt Hall

Literacy under the new Ofsted framework is a key driver for learning for all students. Anne Marie Emmett, Geographical Association National Consultant and Assistant Headteacher and Teacher of Geography in Lambeth is our keynote speaker and she will lead a workshop based morning on this very important area, enhancing the initial developments from the autumn term network meeting. The afternoon session will include a range of different workshops led by the Geography Think Tank colleagues.

- Ensuring literacy in all its contexts (reading, writing, speaking and listening) has a significant impact in geography classrooms and influences wider school developments.
- Ensuring subject leaders are kept abreast on National and local developments and issues.
- Opportunity to raise the level of competence and confidence in areas of subject leadership, evaluating the workshop sessions and ensuring impact in the classroom context.
