

SMSC revisited: Values in Action

Pupils' SMSC development is crucial for individual pupils and it is crucial for society as a whole. Most teachers would see it as the heart of what education is all about – helping pupils grow and develop as people.

Course Outline

The vision for SMSC promotion and development is as relevant today as when legislators first debated its inclusion in schools' provision; '...the training of good human beings, purposeful and wise, themselves with a vision of what it is to be human and the kind of society that makes that possible' (House of Lords 1966).

SMSC development supports pupils to flourish and thrive within the life of their school and beyond. This course focuses on the key indicators of effective SMSC provision and what schools can do to promote this. Delegates will familiarise themselves with the component parts of SMSC and how these can be woven into the school curriculum. They will be provided with ideas for CPD back in their setting to best promote SMSC school-wide.

By the end of the course participants will:-

- fully understand Ofsted's requirements for SMSC
- have the tools to review the quality and extent of their provision around SMSC
