

# Bringing the curriculum alive with iPads

**Enjoy a hands-on day exploring the creative use of iPads to support learning and teaching in primary schools.**

## Course Outline

This course will show you how effective the iPad can be for both teachers and students, with just a few free apps. Create exciting lessons, embed the technology into the curriculum and develop methods for encouraging independent learning.

## By the end of this training participants will:-

- identify the potential of the iPad to develop speaking and listening
- develop clear understanding of the application of the iPad across the curriculum
- identify core apps that enable engaging learning and teaching
- share ideas and identify best practice that leads to raised attainment
- use a matrix to assess the suitability of apps.
