

## Free and Funded Mastery Opportunities for Primary Schools 2021/22

Limited places remaining for this academic year! Application window closing soon!

[Express your Interest here](#) for more details.

Angles Maths Hub is pleased to offer opportunities for whole school and individual staff development in primary mathematics teaching and learning. All work groups provide free or funded support and professional development to create a sustainable approach to mathematics for staff and pupils.

### Mastery Readiness

This Work Group focuses on developing **effective leadership on which to support change** in relation to a teaching for mastery, whole-school approach to mathematics. This **free** opportunity offers Work Group sessions and 1:1 school visits each half term.

### Mastery Development

This Work Group supports teachers in developing their own **mathematical and pedagogical knowledge of a mastery approach** within their classroom. This opportunity offers 2 Work Group sessions and a 1:1 school visit each term with a **£1000 participation grant**.

### Mastering Number: EY and KS1

This new Work Group develops pupils' **fluency and understanding of number to build firm foundations** for future mathematical success. With **free resources and manipulatives**, this Work Group offers NCETM professional development and online Work Group support.

### Subject Knowledge Development

This opportunity supports staff in **developing specialist knowledge for teaching mathematics**, thus enabling them to understand, teach and support pupils in the maths classroom. **Free** Work Groups are available for **EY and KS1/2 teachers, Early Career Teachers and TAs**.
