## Wraparound Childcare Scheme Briefings

As part of the Spring Budget the government announced their intention to develop a Wraparound Childcare Pathfinder Scheme, starting in September 2024.

The aim of the scheme is to provide all parents of primary-aged children access to childcare from 8am-6pm, term time only. Start-up funding is being provided to enable schools, early years and childcare settings; including childminders, and local authorities to test options to increase the availability of wraparound childcare.

Full roll out will commence from September 2024, with a small number of projects being supported to commence after Easter 2024.

This briefing will set out the aims of the project in more detail, including the funding and support arrangements for extending existing or setting up new provision.
