

**LIFETIME  
WARRANTY**

Introducing  
the **NEW** Postura Desk™  
with its **REVOLUTIONARY**  
Performance Edge™

Saber Daynes are very aware of the cost constraints facing education establishments during these difficult economic times.

We also understand your need to achieve best value for your school or college while causing minimal damage to our environment.

School tables and desks have a very tough life and are rugged and well made, but when the time comes to refurbish your teaching spaces, tables are often thrown away with perfectly good and strong steel underframes. This could prove to be unnecessarily wasteful.

Why not invest in brand new tops for your existing frames? Have them quickly fitted by your site management team or caretakers and create superb quality tables for your classrooms. Each new table top is **GUARANTEED** for LIFE.

**SPECIAL PRICING:** 600 x 600 top **£16** Each. 1200 x 600 top **£29** Each

Colours: Beech • Maple • Stone • Bull Blue • Fog Grey

Minimum order 30 tops

New from  
Sebel,  
manufacturer of  
the famous  
POSTURA™  
School chair.

Using a  
patented  
process, molten  
polypropylene  
is injected  
into the wood  
particles which  
fuses both the  
edging and  
the desktop  
together in a  
superstrength,  
tamper resistant  
desktop

**SERIOUSLY STRONG SEATING**

SMARTA

The SMARTA is a family of polypropylene Classroom, ITC, Design & Technology, Laboratory and Corridor seating. The distinctive ribbed design makes it possibly the strongest chair of its type on the market and its ‘S’ shaped profile back provides intrinsic flexibility and comfort for the user.

It is available in a complete range of sizes compliant with BS EN 1729 and BS4875: Part 1; Test level 4 for strength and durability and BS7945:1999 for stability.
