ABOUT US

"Vision Inspired People Zimbabwe makes a pledge to fight poverty and promote human rights in Zimbabwe so that people are fairly represented according to their constitutional rights as stated in Zimbabwe's Constitution. We aim to help economically empower people from disadvantaged backgrounds through the establishment of income generating community projects using various resources and tools. We believe that by effectively empowering our people economically we give them the ability to pursue an abundance knowledge of which is readily available through various mediums as a result of technological advancements."
