Dear Colleague

**Your Norfolk, Your future .....**  
**CLIMATE RUN Thursday 7 April 2011**

I know some of you are already aware of and engaging with this event which is being organised by The Mason Trust.

The event will not only enable your pupils to take part in a 5km fun run but importantly will give them access to a "futures village". Here they will be able to learn more about a range of exciting career opportunities in the Energy and Renewables Sector.

The County Council is keen to support this event given the potential benefit to so many of our young people and we are working with Yvonne Mason and her colleagues to make the event a real success.

The purpose of my letter is to bring this to your attention and ask that you give some thought as to how best you might become involved. I know you are all keen to develop your pupils' awareness of future prospects and I believe this event is a positive contribution to that process.

Yvonne and her team will be trying to contact you all to see how they can help with further information and support as she has been very clear about the value of your support.

Yours sincerely

**Lisa Christensen**  
**Director (Children's Services)**
