

Books and Films

as a stimulus for teaching **mathematics**

9th February 2011, 9am-3.30pm, Hethel Engineering Centre

The use of books and films as a starting point for mathematics will **engage** and **inspire** your children. This course will provide you with further **practical ideas** to **enthuse** and **motivate** children of all ages.

The course objectives are to:

- understand some of the links between maths and literacy and how these can support mathematics lessons
- consider the role of books, films and role play in mathematics lessons

Course Leader: Alison Borthwick, School Improvement Adviser

Phase: Primary Teachers and HLTA's in KS1 and KS2.

Fee per delegate: Norfolk LA schools £140; External Clients £154

How to book:

To book a place on this course please visit our website
