

Teaching High Quality Athletics at KS2

This completely practical course is designed for primary school staff. It is designed to give teachers the confidence and competence to embrace the teaching of Athletics at KS2.

This course is specifically designed for those who lack confidence, support or training in delivering this required area of the curriculum. It will provide a practical framework to delivering high quality athletics in school. The resources provided will give ideas to support teaching and learning. Teachers will be more confident and competent in delivering KS2 Athletics.

For this course delegate will need to wear suitable clothing and footwear for this hands-on training course.
