

# Reaching New Levels!

*Can the Suffolk Wildlife Trust's Education Team help your pupils achieve more?*

Did you know that Judy Powell and her team of dedicated ***Education and Wildlife*** experts from the ***Suffolk Wildlife Trust*** have the experience, resources and energy to fire your pupils with a passion for science and the environment? Not only can they help pupils and students of all ages (from Foundation to A-level) by arranging exciting and focused days at one of our four educational centres, they can also visit you in your school, as outreach experts, providing creative approaches to learning. All of our work supports ***The National Curriculum*** and we can readily help you achieve your ambitions for **your** pupils.

- *High quality environmental education programmes*
- *Unique and inspiring nature reserves*
- *Designing and carrying out scientific investigations and developing field skills*
- *Capturing and analysing environmental data*
- *Encouraging enquiry and problem solving*
- *Developing school grounds for wildlife*
- *Taking part in Eco-action programmes*
- *Creative writing and wild art*
- *Outdoor learning and teacher training*
- *Forest Schools*

Activities are matched to meet the individual requirements of **your** pupils and students
