

If your school is having a fundraising event over the next few months, we'd love to help by donating one of our treasure hunts.

You could give it as a raffle prize or even organize a treasure hunt at school.

If you're interested in claiming a free treasure hunt, all you need to do is email me with your name, the name and address of the school and if you've already decided how you'll use the treasure hunt, include that as well. If you haven't decided that yet, you can still contact me to register your interest and then come back to me at a later date.
