

CALLING YOUNG ARTISTS

Young People's Saturday Art Club Summer Term Enrolments

As summer is almost upon us our thoughts for the Saturday Art Club have turned to activities which explore outside of the gallery.

This term artists will continue to lead sessions that encompass a range of disciplines including sculpture, textiles, drawing, film, performance etc. There will also be the chance to link the Ipswich Art School Gallery with other aspects of the Museum by venturing across to Christchurch Mansion to take in the gardens and art collection.

A few of the ideas that inspiration will be drawn from include:

- Inside and outside the gallery
- actual and imaginary journeys
- the act of walking
- mapping
- habitation – follies, grottos and garden buildings
- folk art/architecture
- 'inhabiting open spaces'
- the East Anglian landscape
- experimental architecture

The sessions will culminate with an event (to be co-curated between artist leaders and Art Club participants). This will be centred on the idea of a 'pop-up sculpture park' and take place in garden between the Ipswich Art School Gallery and the High Street Museum. Here parents and friends will be invited to see what young artist-participants have been up to and celebrate their creative achievements with a family picnic.

Enrolment info:

When: There are five fortnightly sessions throughout the term for two age groups **7 – 11ys** and **11yrs +**.

Participants can attend morning or afternoon,

Group A: 10.30am -12.30 noon
