

£30,000 PRIZE FUND!

Are you the next invention superstar of the future?

The Dream Lab is looking for your exciting ideas for never-seen-before sleep gadgets.

Want to get involved? Here's the deal...

The brief: Design a new sleep-related product or gadget. Your idea can be anything at all that could help people to get to sleep, make them sleep better or help them relax.

The prize: The winning entry will scoop a mind-blowing £20,000 for their school's Science and Technology departments and £10,000 for the winning team or individual. Plus, every entry will receive £5 off an original SEUND pillow.

If you love coming up with new and crazy ideas that you think could really work, then this is the challenge for you!
