

Children's Services Sensory Support is becoming the Virtual School Sensory Support as from 1st September 2011. The mission statement of the Virtual School which has been agreed by the newly appointed Governing Body is....

'To deliver high quality, comprehensive and flexible support to children and young people with a sensory loss to enable them to reach their full potential'

The Virtual School and the appointment of a Governing Body has been in response to stakeholder feedback and enables parents/carers and children and young people to be more involved in the development of services in Norfolk for children and young people with a sensory loss and their families. The Governing Body also has representation from local and national voluntary agencies, health, social care, schools and the local authority. The Virtual School will be located at the Sensory Support Centre, Woodside Road, Norwich, Norfolk NR7 9QL (Tel: 01603 704040) and all contact details for staff remain the same. Over the next year we will be developing a School's Council and our website (www.norfolk.gov.uk/sensory) in liaison with the Virtual School for Looked After Children.
