

We promised to give all schools access to the materials that were available at the leadership team briefings on 5th and 6th September 2011.

As well as the presentations from all the workshops you will also find related reports and other documents, including the Tickell and Bew Reviews and the SEN green paper, among many others.

This is the link for the Website, A Call to All Schools. **Please log into your nsix account first before accessing the site.**
