

Secondary Mathematics Professional Network

Autumn, Spring and Summer 2011-2012

Our professional network enables schools/academies to keep up to date with key developments, collaborate with teachers in similar roles across Norfolk, receive bespoke in-school support and have access to specialised advice from an experienced adviser.

Each meeting will ensure that subject leaders are aware of recent developments in Ofsted, Government legislation, National Curriculum review, Mathematics pedagogy research and new teaching resources.

Other sessions throughout each day will include:

- Sharing good practice and discussion on issues current in delegate's schools.
- Bespoke training on teaching strategies for the classroom
- Thinking strategically to **raise the standard** of your department

31st October 2011, 19th March 2012, 14th June 2012

9.30 am – 4.00 pm

Norwich Professional Development Centre
