ESPO
EASTERN SHIRES PURCHASING ORGANISATION

The Government is committed to raising standards in literacy. Getting the fundamentals right at an early age, in particular teaching children to read through systematic synthetic phonics, will help to ensure that children leave school with a lifelong love of reading and the necessary skills to succeed in life.

The match-funding available through this catalogue is part of the Government's strategy to meet this commitment.

Up to **£3000** is available, to be matched by the school, until March 2013 (for a total spend of £6000). Schools are free to order materials and training over this value, but will only receive match-funding up to the £3000 figure.

All state-funded schools in England with Key Stage 1 pupils, including Academies and Free Schools are eligible for this funding.

All items and training listed in this catalogue are suitable for use with Key Stage 1 pupils and have been assessed as meeting the Department for Education's 'Core Criteria' for Assuring High-Quality Phonic Work.

The printed catalogue will be with you soon but you can view an electronic version on our website at the following address:
