

not just a stage

Friday 2nd December, 10.30am – 12.30pm at The Garage, with tea, coffee & cake!

These meetings are for representatives from statutory & non-statutory organizations that work with young people & are interested in referring them to activity at The Garage.

They provide an opportunity for you to find out about what activities we have on offer for young people next term, including subsidized & fully funded activity & how you can refer young people to us. We would also like to share our longer-term plans for activity with young people.

It also provides a chance for us to informally feedback about our engagement with young people on recent activity & projects, discuss current issues facing your services & for you to input into our referral and monitoring processes & systems.

We always welcome your comments as we are keen to make our communication & partnership with you as effective & mutually beneficial as possible.

Following feedback from the last meeting we have rescheduled this meeting for early December to give you more time to arrange for young people to join in our activities from January onwards.

How to book:

To book your place at the meeting please email takepart@thegarage.org.uk or call 01603 283 382 & ask to speak to Ruby.

Please feel free to forward this invitation to colleagues you think might be interested.
