

NSCB Survey Monkey: Your views are required.

In May 2010, NSCB initiated a Section 11 self-assessment which looked into how NSCB agencies are meeting their duties under Section 11 of the Children Act 2004. In most cases this was undertaken by agencies by using group discussions with senior level staff. This survey aims to capture wider staff perspectives on agency compliance to help NSCB set or revisit priorities to improve the safeguarding and welfare of children and young people.

The survey only takes a short time to complete and your responses will be anonymous and confidential. Please click on the following link to access the survey:
