# How to Improve your Choir

## Wednesday 1 February 2012

A one day workshop for primary teachers, teaching assistants or music practitioners to develop choir leadership skills with Sue Hollingworth.

Joining a choir is now one of the most popular choices of music activity for young people and communities, both in school and out of school. This course will help everyone who is leading a choir that wants to go from being ordinary to something that sounds that bit better!

Sue Hollingworth is a highly experienced vocal leader and trainer, specialising in the development of children's singing and vocal leadership skills. The whole day will focus on how to get more from your choir.

### Course Objectives

- To improve the quality of the sound of your choir
- To increase your rehearsal techniques
- To develop conducting skills
- To consider repertoire – what should you look for?
- To learn about the best preparation for a performance

The day is completely inclusive and suitable for all levels of experience. It is well suited to teachers and practitioners who either already lead a choir, or are looking to start or develop one. You do not need to be able to read music to benefit from this day. Please bring your own music stand if you have one as you will be doing some conducting!
