

# Chemistry Springboard Week

## 23rd – 27th July 2012

### Planning to take the plunge into studying AS Chemistry?

This course provides the ideal springboard for moving from GCSE to AS level and beyond.

The 5 days **at the UEA** will be spent undertaking a range of activities that will include:

- studying the important chemical ideas needed to make the transition to AS Chemistry
- hands-on experience in the UEA School of Pharmacy laboratories
- preparing and making a presentation
- guest speakers.

The course is open to all students planning to take up AS Chemistry in September; **it is free to participants**, the costs being covered by a number of sponsors including Norfolk County Council and the Royal Society of Chemistry.

All you have to provide is your transport (support for transport costs may be available on application; limited free transport is available from King's Lynn each day) and a packed lunch.

**For an application form please contact:**
