| SUBJECT: | HEALTH AND SAFETY | |
| WORKING TITLE: | Code of Practice - Design & Technology | |
| DATE PUBLISHED: | JANUARY 1999 | |
| DATE EFFECTIVE: | JANUARY 1999 | |
| DISTRIBUTION: | ALL LEA HIGH SCHOOLS | FORMAT: A4 Ring Binder |

SUMMARY

This Code of Practice gives information and guidance on health and safety issues inherent in delivering the Design and Technology Curriculum.

The document is split into various sections relating to the specific aspects of the subject i.e. Food Technology, Working with Metals etc.

The document is intended for use by heads of Design and Technology and will assist in providing a set standard and be the basis of the annual risk assessment process for this subject.

ACTION REQUIRED

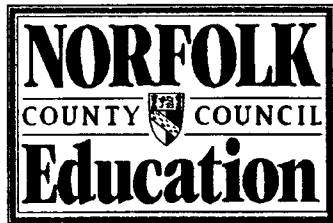

Headteachers should retain one copy to be kept with their Departmental H & S Manual for information.

Headteachers should issue the 2nd copy to Heads of Department/subject. Heads of Department should take the document into effect immediately.
