Working with Norfolk schools to raise the attainment of EAL students

HEADTEACHERS' CONSULTATION

On effective leadership in schools with pupils from other countries and cultures.

- Are we doing everything we can to achieve 'outstanding' from Ofsted?
- Are we tracking EAL pupils effectively to ensure their progress?
- Are literacy levels across the school where we would like them to be?
- Are all staff confident in planning for EAL learners in their classes?

If these are questions you are asking, you may wish to come to this morning meeting to hear how the English Language Support Service can work with you and your staff to support your provision in these important areas. Discussion will include implications of the New Ofsted Framework and the DfE Agenda and will look at the importance of data use, target setting, school culture and ethos.
