Sustaining success - Strategic approaches to school self-evaluation

Additional session due to high demand

Course Code: EPMV2

Wednesday 7th March 2012 Norwich Professional Development Centre
Times: 09:00 – 15:30, lunch and refreshments included

Professional development for senior managers leading school improvement to secure good to outstanding performance with reference to the new Ofsted inspection criteria and descriptors.

Also pertinent for those new to headship as well as more experienced leaders.

By the end of the day, participants should be able to:

- identify the strengths and omissions in their current school self-review and planning cycle
- be more aware of the essential aspects of monitoring and evidence gathering to secure good or outstanding Ofsted judgements
- be able to build a self-evaluation process that is both meaningful and manageable and strategically driven.

Norfolk's new School Self Evaluation website is included in the day.
