

Receive an extra 10% discount off your total Phonics spend...

...in addition to the DfE's 50% match-funding, ESPO is now offering a further 10% discount off Phonics product orders invoiced, up to 31st March 2012, giving an additional saving of up to £600 – This also applies to orders previously received.

How the Special Offer works...

At 31st March 2012, ESPO will check the total value of phonics orders invoiced by ESPO against each eligible KS1 primary school.

Every school that has been invoiced by ESPO for phonics products, excluding training, to the value of **£250 or more** will receive a **credit voucher for 10% of their total spend**.

This credit voucher will be valid for two months from 1st April to 31st May 2012 to purchase any catalogue products listed in the ESPO 2012-13 catalogue, providing the order value is at least twice the value of the credit voucher.

Example: Credit Voucher £50
– order value must be £100 or more
