SCHOOL OR YOUTH GROUP DAY

A choice of three activities offered to groups of up to 10:-

Making Radio for primary school aged children. We visit you for half a day to plan the content for your ten minute programme - working with a small 'editorial' team of children. Recording equipment is left with you to gather your recordings – and then you visit us on one of the dates offered below to put the show together with presenter links, trails, jingles and music.

Studio Experience for secondary school aged young people – using our fully equipped TV recording studio – the group will plan, produce and film their own chat show – on a subject of their choice.

Film Making – basic film-making skills workshop for all ages 7+. If you have a particular filming project in mind, (perhaps a special school event coming up which you would like to record) then this workshop will help get you started - we can even lend you the filming equipment, if required.

Please let us know as soon as possible which of the School or Youth Group Days listed below you might be interested in as they go quickly! Pre-visits, if required, will be arranged at a date and time to suit you.
