Summer 2012

"Trreally enjoyed working so closely with the director.  
The Academy has really encouraged me with my  
decision to pursue acting and directing."

# HighTide Academy

## Summer 2012

Become a member of the Academy Company and discover new ways of making theatre with some of the country's leading directors.

The HighTide Academy is a year-round training programme for young people across the East of England. The Academy gives its members the opportunity to work with professional directors and explore different approaches to performance, text and creating new work. At the core of the Academy is our three week summer programme. Each six day intensive masterclass focuses on a different area of performance and gives you the opportunity to develop your creative skills in a professional rehearsal environment.
