

2012

Risk Management of Trees for Outdoor Learning & Site Management (Level 1 inspection course)

Norfolk Integrated Education Advisory Services (NIEAS)

Audience: Those using their grounds for learning, those responsible for maintaining school grounds/wooded spaces, Forest School Leaders, Caretakers and Site Managers

Context: A one-day certified course for those utilising their own or other wooded areas for outdoor learning and/or for those responsible for maintaining school grounds. This links well with 'Forest Schools'. The day will be led by Dave Dowson from Tree Life and lunch will be provided.

This assessed and certificated course helps delegates:

- identify obvious tree defects by visual inspection from ground level with the aid of binoculars, mallet and a probe
- record tree defects and place the tree in a broad category of risk rating
- identify the required action upon finding a tree with an obvious defect

Important Information:

Pre-course information will be emailed prior to the course.

Parts, or the majority, of the training day will be outside, whatever the weather!

To ensure you are comfortable please wear/bring:

Walking boots or walking shoes/trainers that you don't mind getting muddy (waterproof if you have them)	Hat and gloves Long trousers Lots of warm layers Waterproof coat and trousers	Suncream (if it's hot) Water bottle Binoculars Mallet A longish metal skewer
