Inspiring Literacy in the Outdoors

Norfolk Integrated Education Advisory Services (NIEAS)

Audience: Any Teacher or Practitioner (including Governors) working in the Primary phase who is interested in using the outdoor environment to broaden the literacy opportunities offered to children.

Context: We hope this training day gives you the skills and knowledge you need to get outdoors into your school grounds and beyond. There will be a focus upon hands-on activities throughout the day and as a result we will be outside in the beautiful Holt Hall grounds for extended periods of time.

By the end of the course, participants will:

- understand the potential of using the outdoors to motivate children to learn
- have gained a number of ideas for activities to do with children that inspire them to develop their literacy skills in the outdoors
- be able to lead a one hour lesson with their class in the outdoors tomorrow
- have explored the beautiful grounds of Holt Hall and hopefully have a good sense of wellbeing
