## **Making a Difference – Norfolk Policing Survey**

Norfolk Police Authority has launched its Norfolk Policing Survey 2012. The survey seeks your views on your policing service, which will be used to advise and inform the new Police & Crime Commissioner when setting policing priorities following their election on 15 November 2012.

The results of this survey will help shape the future of local policing and it is important that this includes the views of Norfolk residents. The survey asks just ten questions, including what policing priorities should be; how the new Commissioner can make a difference and, crucially, how much you are prepared to pay for policing through your Council Tax. There is also an opportunity to enter a draw for a £25 voucher for those completing the survey.
