

NCFC Spanish Double Club

A dynamic approach to introducing Spanish language learning into your school!

What is Spanish Double Club?

A course that uses the excitement of Premier League football to introduce your pupils to the skill of speaking a foreign language.

Designed to be flexible, fun and active, each session is run like a football match: students learn whilst completing activities in their NCFC Spanish workbook in the 'first half', and then practise their Spanish whilst playing football in 'the second half'.

The course consists of 6 units which enable your students to progress to National Curriculum Level 3 learners, capable of holding a basic conversation and asking/answering questions in Spanish. Also included are activities that relate to aspects of Spanish culture.

NCFC's Javier Garrido is a keen supporter of the course and features in the materials.

**"I really enjoyed the football...it was a fun way to learn and really helped me learn Spanish"-
City Academy pupil**

Does it really improve language learning?

It provides a dynamic starting point for learning Spanish for complete beginners, and provides a way of making language learning high profile, topical and accessible.

Gaining an official certificate also helps to celebrate pupils' initial success and generate enthusiasm for continuing to pursue language learning.

It is intended to motivate pupils with an interest in sport and football (especially boys) to be confident language learners. In a pilot at City Academy, 71% of students said they enjoyed learning languages after completing Spanish Double Club, and 64% said it had made them keen to continue learning Spanish
