

Wear something **ORANGE
for your lifesaving team**

Magpas **ORANGE DAY
24th May 2013**

Saving Lives Night and Day

The Emergency Medical Charity (Magpas) is asking everyone across Cambridgeshire, Peterborough, Bedfordshire, Suffolk, Norfolk, Essex, Hertfordshire, Northamptonshire and Buckinghamshire to find something ORANGE to wear for the day, on 24 May this year. The idea behind Magpas Orange Day is to support the world class medical service that the charity provides across the East of England, night and day.

In the past two years Magpas has attended over 1,000 patients in all 9 counties and attended 44 incidents in Norfolk.

We urge you to give Orange Day a go.

All you need to do to take part is pay £1 per person.

If you'd like to join the Magpas Orange Day, please get in contact by calling 0300 321 4971, or by emailing info@magpas.org.uk. We can then send your Orange Day pack (which includes a poster, stickers and a collection tin). Please take photos from the day, so that we can build our Orange Day Gallery 2013. You never know when you, your family or your business colleagues might need the Magpas Helimedix.
