

Norfolk PE and Physical Development Curriculum Services

We are delighted that the Government has invested in PE and that it has made Ofsted responsible for monitoring the impact of the ring-fenced funding.

We are dedicated to ensuring that the entitlement and experience of all young people in schools in Norfolk is high quality. Our key areas of work in PE are around ensuring:

- A high quality Physical Education experience for ALL pupils which is planned, progressive and well delivered
- All primary schools in Norfolk have confident and competent staff to deliver challenging high quality PE which is consistently good or better
- An entitlement to two hours a week high quality Physical Education
- Monitoring standards and quality of provision of PE
- Providing quality assured CPD, training and guidance to impact on teaching and learning
- Ensuring high quality leadership and management within PE

Our Vision

We want to ensure that **every** child in **every** primary school in Norfolk receives a high quality entitlement and experience in and through PE. Through the new ring-fenced funding for PE we want to ensure that schools use the two year funding window to build a sustainable high quality, highly trained school based workforce which is capable of sustaining high quality PE into the future.

Power Of Five

A new Fitness tool to evidence the impact and development of schools teaching will be launched soon.

PEer Support

We will be launching a new innovation in quality assured, school to school PE support soon. This is based on the network of over 450 specialist trained PE staff in and across Norfolk. Look out for information in schools soon.

Our Award Winning Programmes

Our national award winning programmes are available to both teachers (QTS) and teaching assistants. They offer a quality assured framework and accreditation on many courses, most are unique to Norfolk. Our courses continue to be highly rated by **all** who use them – since 2010 the quality of tutor has been rated as outstanding or good in all courses, 100% of participants stated that their CPD will have an impact on their teaching and that it met their needs. We are passionate about what we do and why we do it and this is why we have been able to maintain our competitive pricing for 2013/4!

NorfolkPE

New Teachers Course

In response to the new funding and demand - teachers can now access a fully accredited course that will take them through all the areas of activity, inclusion and differentiation, health and safety, assessment, planning and Ofsted. This new course **Norfolk High Quality PE Teaching Award** is for teachers and aims to ensure that candidates are able to teach "Good" to "Outstanding" lessons in PE across the areas of activity. We have two courses planned, one in the West and one Norwich based. Schools can use their new funding to finance the course and provide cover for staff attendance on the 7 module (7 days) programme spread across the academic year.

Accountability

Our courses will provide schools with the evidence of compliance as required and inspected by Ofsted. They will ensure that staff are more confident and competent to teach PE, improving the **quality of teaching and learning, pupil achievement** and **quality of overall provision**. Our Primary PE Subject Leaders Award (*accredited*) will provide a perfect programme for your **quality of leadership and management** – perfect for accountability.

Cluster training and support

Most if not all of our courses and CPD programmes can be delivered at a cluster level, or even school level. Often these can make **significant cost savings** for schools – contact us to discuss your needs:

Martin Radmore – 01603 307701/91

Join Norfolk PE

We will be contacting schools about joining a network of schools across Norfolk. This will allow you access to a wide range of specialist resources, dedicated web-site and staff networks. We will also provide training and support to schools to embed the new curriculum and latest Ofsted guidance and framework.
