

**The Faraday Institute  
for Science & Religion  
Summer Course 8  
7 -13 July 2013**

**Science and Religion:  
Two paths to Truth?**

**Lucy Cavendish College, Cambridge**

What can the interaction between science and religion tell us about truth and meaning? Does the universe have a purpose? Explore these and other questions in this one-week course.

**Speakers and topics include:**

**Prof. John Bryant** - Creation or Evolution?

**Dr Cara Wall-Scheffer** - Human Anthropology and the Origins of Religion

**Revd Dr John Polkinhorne, KBE, FRS** - Theology and Physics

**Dr Jennifer Wiseman** - New Surprises in an Ancient Universe

**Prof. John Wyatt** - What Does it Mean to be a Person?: Matters of Life and Death

Bursaries to cover the Course Fee (including food and accommodation) are available to teachers and trainee teachers of Religious Education. See the website for more details and application form
