

Will you be open at all this summer?  
...Put it on your order!

## We need your help...

Our suppliers would like to be able to deliver as many of your furniture orders as possible this summer. If your school is open at any point during the summer holidays and there is someone available to accept deliveries, we would like to know about it!

**A large number of furniture orders are placed just before school holidays which can extend lead times stated on the page.**

**When placing orders for furniture, please include details of any dates your premises will be open over the summer holidays as well as contact details (especially mobile phone numbers, if possible) of the person who will be on site to take delivery.**

**We can then pass these details on to our suppliers who will schedule their deliveries accordingly, where possible.**

Deliveries requested for the beginning of September are booking up very quickly, therefore any orders that can be delivered during July and August will help us to achieve our aim of getting your items to you in time for the start of the new term!

Thank you for your co-operation,
