## **Zip® instant boiling water systems**

You can provide your staff with the opportunity to relax with a refreshing hot drink, without having to wait for a kettle to boil.

**Zip Hydroboil**, the world leader in instant boiling water can provide water for hot drinks from 9 to 240 cups at any one time and either in stylish stainless steel or a white finish casing.

You just need a water and a power supply!

**Zip Hydroboil Plus** (shown above) offers all of the advantages of Hydroboil, but with the added benefits of a cool touch tap, with safety lock and high tech integral, easy to use, programming that will organise the system to manage the delivery of water to within 1°C of boiling and in the most energy efficient manner. In fact Hydroboil Plus is designed to be up to 28% more energy efficient than a kettle and 30% better than other instant boiling water heater.
