### Some changes to the winter programme:

If you are one of our regular volunteers, you will notice a few changes to our programme!

- Firstly, we have decided to plan ahead for winter by producing a three-month programme!
- And, due to the number of tasks we had to cancel last winter because of the bad weather, we have decided to reduce the number of tasks we run during the winter months.

Please see the programme for details of individual tasks.

**Please note:** We always aim to run our task afternoons, but if there is really adverse winter weather it is not always possible. If there is heavy snow, or icy conditions, it is important to contact us on 07943 703919 on the morning of the task to make sure it is going ahead. Thanks!

All bus times are correct at the time of printing but please check the relevant timetables in advance of any task in case of any change. We are not responsible for missed connections.

Start times are varied, please check for each task.

#### **MEETING POINTS**

Please try and arrive at the meeting points early as we often work away from these and could be hard to find. Maps with route to meeting points from bus stops are available on request.

#### **WE PROVIDE**

All tools. If a site has toilets this is indicated by 'WC'.

#### **PLEASE WEAR/BRING**

Old clothes, sturdy boots & waterproofs. Please bring your own refreshments, unless otherwise stated on the programme.
