

High Quality PE Teaching Award for Primary Teachers (QTS) and PE Subject Leaders Award

Ofsted – Quality of Leadership and Management,
Quality of Teaching, Quality of Pupil Achievement,
Quality of Provision and the new PE Premium.

New Accredited
Courses based
at
Terrington St.
Clement Primary
2014

Providing quality assured, nationally accredited training programmes to boost staff competence and confidence in teaching high quality PE and leading the subject.

The **New PE Premium Funding** is specifically designed to provide the means by which schools can up-skill their teaching staff in the delivery of high quality PE. These two **nationally accredited** and **quality assured CPD** programmes meet all the national guidance and are fully compatible with the Ofsted requirements.

We are working in partnership with **Terrington St. Clement Community Primary**, to offer colleagues the chance to undertake these programme in the West of the county. The school will host the full training programmes for schools based in the west of the county. This is a fantastic opportunity and we would urge all schools in the west to consider sending delegates on both or either of the courses

Provisional start dates for the courses: **February 2014**

- **The HQPE Teachers Award (QTS)** - 7 days across 2014 covering all areas of PE, including the County Gymnastics Award, the new curriculum and health and safety).
- **The Subject Leaders Award** – 4 Days

These fully accredited courses, including all registration, assessment, bespoke resources and national certification (QCF) costs only £550. Schools can use their new funding to not only pay for the courses but also supply cover to release staff.
